Videos

MicroCosmos. Miramax Films, 1996. This 75-minute film won the Special Jury Prize at the 1996 Cannes Film Festival. This up-close look at the hidden universe of backyard invertebrates will allow your students a unique opportunity to learn about the natural world of arthropods.

The Life Around Us. *Discover Magazine*, 1997. *Secrets of Science*, Video 4, hosted by *Discover* Editor-in-Chief Paul Hoffman. Part 1 includes *The Animal Kingdom* — an examination of the vast animal life on the planet and *The World of Insects* — a look at the variety of insects that inhabit the earth.
