Heart-shaped fish pops made with love for otters and penguins

WHAT: Exquisite chocolate truffles may not be the way to an otter's or penguin's heart, but fish pops are! Woodland Park Zoo's river otters and Humboldt penguins will usher in the season of love on **Friday, February 10**, when zookeepers treat them to heart-shaped fish pops, made exclusively just for them!

Other animal residents, including orangutans, grizzly bears, snow leopards and a Komodo dragon, will celebrate Valentine's Day the wild way on **Saturday, February 11**, with heart-shaped ice pops, herbal bouquets or heart-shaped steaks.

The Valentine's Day treats are part of the zoo's excellent animal care program to help enrich the lives of the zoo's animals. The safe activities help encourage [natural animal behavior](#), keep animals mentally and physically stimulated and engage zoo visitors.
