

# TIGER PUMPKIN CARVING

---

**Tigers** are big, powerful cats with sharp teeth and lean, muscular bodies. Their stripes are like fingerprints in that no two tigers have the same pattern. Tigers used to live across much of Asia, but all subspecies are now endangered from habitat loss, illegal palm oil plantations and poaching. Choosing foods and products made from sustainably-sourced palm oil helps to protect tiger habitat: [zoo.org/palmoil](http://zoo.org/palmoil)
