

More Zoo Doo available for gardeners this spring! ***Bulk amounts now available in April, May and June***

WHAT: Home gardeners, from casual to serious, yearning to get their hands on Zoo Doo will no longer have to wait for the luck of the draw to purchase Woodland Park Zoo's exotic compost. Instead, more Zoo Doo will be available in bulk—without a random drawing—so that more gardens at home can reap the benefits.

Zoo Doo is a great way to garden clean and healthy for the benefit of pollinators and other local wildlife and is a sustainable green choice. The compost is so extraordinary that the zoo's horticulture experts also use it throughout the zoo in its award-winning animal habitats and other landscaped areas.

Woodland Park Zoo has been turning out Zoo Doo for nearly 40 years but was traditionally short on supply to meet the community's ever-growing demand. In response, since the 1990s, the zoo has hosted spring and fall Fecal Fests which invited gardeners to enter their name online in hopes of being randomly selected to purchase the compost.

Today, thanks to the generosity and support from the Sunderland Foundation, a revolutionary makeover was done in 2019 to the Zoo Doo compost system. The modifications now make it possible for Dr. Doo, aka the Princess of Poo, the GM of BM, or the Captain of Caca, to produce more of the highly coveted compost year round.

And don't forget the animals, of course! Zoo Doo is composed of species feces pooped by a variety of the zoo's non-primate herbivores including tapirs, pudus, mountain goats, rhinos, hippos, giraffes, zebras and more. The sweet, aromatic Zoo Doo is perfect for growing veggies and annuals.
